

Treasury Department,

BUREAU OF THE MINT,

Washington, D. C., June 15, 1891.

The Superintendent, U. S. Mint,

Philadelphia, Pa.

Sir:

Referring to your letter of the 13th inst., relative to a recent act of the legislature of the state of Pennsylvania defining the days which shall be legal holidays, which sets forth Saturdays from noon, between the fifteenth days of June and September in each year as legal holidays, I would say that I do not consider this provision applies to federal ~~institutions~~ ^{institutions}, and I do not approve the closing of the mint at 12 o'clock on Saturdays.

You are authorized to close your mint on Saturdays during the months of June, July, August and September at 3 o'clock P.M. which is the hour that Government institutions throughout the country close on that day through the summer months. I see no reason why your mint should be an exception.

very respectfully,

Director.
